### EXPLOSION KILLS THIRTEEN.

Miners Entombed With Little Hope of Being Rescued.

Wilburton, I. T., May 2.—The most disastrous mine explosion to occur in the Indian Territory since the Savannah incident of 1887, took place at 1:20 o'clock this morning in the Missouri, Kansas and Texas Coal company's mine, No. 19, 4 miles west of here. Thirteen men were entombed with little prospects of their bodies being recovered for several days.

The men went into the shaft at midnight. Foreman William Ray, of the shift that left the mine at that hour, states that the mine was in good condition and a gas explosion hardly possible.

His shift left a shot hanging, which the new shift may have fired. It is suggested the force of the explosion which could be heard for miles around, and which tore heavy timbers apart, and piled tons of dirt into the shaft, that a bad bad set off some dynamite, which had been stored conveniently near for work in pushing the entries. The shaft is 360 feet deep and it was 300 feet to the place where the men were working.

## STRIKE BREAKERS ARRIVE IN CHICAGO

Men Headed By Farley, the  
Noted Strike Breaker.

### DEATH LIST CONTINUES TO GROW

One Hundred Strike Breakers Go On Strike for More Pay and Their Demand Is Granted—Wholesale Grocers' Teams Tied Up.

Chicago, May 2.—Wholesale importation of non-union men from St. Louis and the arrival of "strike-breakers" Farley, from New York, gave a new turn today to the tea-stakers' strike here.

Immediately, on his arrival Farley held a conference with representatives of the employers. Plans for putting him in charge of all "strike-breakers" are said to have been decided on. Farley managed the nonunion men in the New York subway strike. Nonunion men in forces said to be almost unprecedented are on their way to Chicago. It was reported a special train bearing 475 men left St. Louis over the Illinois Central road early today. Another train with 500 men was being prepared. The work of mobilizing the men in St. Louis was conducted in secrecy. Half of the men were taken from southern Illinois and Kentucky. Many of them are negroes.

One hundred strike breakers employed by the American Express company at the Pacific, Northern Pacific and the National companies went on strike today to enforce a demand of \$5 a day for drivers and \$4 a day for conductors and helpers an allowance of fifty cents for luncheon and extra pay for over time. The increase was granted and the men returned to work. Tumultuous scenes were witnessed today at Jackson boulevard and Franklin street near the headquarters of the employers' teaming company, the organization formed to supplant the striking teamsters. John Williams, a negro nonunion driver was sitting on one of the wagons of the employers' company waiting for caravans to be formed. A crowd of several hundred persons had gathered and were jeering Williams and other nonunionists. Suddenly a bottle thrown from a window in the upper story of a nearby building struck Williams on the head. The negro instantly drew a revolver and fired towards the window from which the bottle was thrown. The action of the negro man angered the crowd and a concerted rush was made towards him. Williams jumped from his wagon and fled down the street. The mob soon caught him and he was being savagely beaten when the police rescued him from the crowd. Williams was arrested and charged with disorderly conduct, and with carrying concealed weapons.

The wholesale grocers and coffee, tea and spice houses were more or less completely tied up today by the spreading of the teamsters' walkout. A strike was called against Charles Mearx, a teaming contractor employing thirty drivers and serving a number of wholesale grocers. Thirty-five teamsters employed by Durand and Kasper also went out. Mearx did the teaming for Walsh & Boyle, the Steele, Wedeles company and several other well known houses. The drivers for other grocery firms including Franklin McVeagh and Wilhoit & Co., did not report today.

### Death List Continues to Grow.

The driver of the cart was arrested, and is being held under heavy bonds.

### MAY DAY STRIKES LACKING.

No Lockout or Strikes Occur This Year in New York.

New York, May 2.—May day strikes here have been lacking this year in the building trades, but before the week end 30,000 to 35,000 men may quit work in the various vocations in hope of forcing an increased wage.

About 25,000 members of the Rock Men and Excavators' union, which made demands on the Contractors' Protective association March 20 for a new wage scale and recognition of the union have not received what they consider a satisfactory reply. They are now considering the advisability of ordering a general strike. Hoisters and drillers will stand by them if they quit.

A strike of 1,000 truckmen is expected this week in the downtown warehouse districts. The owners have carefully prepared to meet the contingency and continue their business.

Garment workers on the east side are preparing for general strikes in July for recognition of the unions and a new wage scale.

### NO DEFENSE FOR ACTRESS.

Closing Scenes of Nan Patterson's Trial in New York Court.

New York, May 2.—Nan Patterson will probably know her fate within 48 hours. Today there only remained the closing scenes of the trial to be enacted. That there will be no defense had already been announced before the court reconvened today. Her counsel were satisfied that the state had failed signally in its effort to prove that the former show girl murdered Caesar Young, her lover, they said, and were content to stand or fall on evidence that had been submitted. The defendant agreed fully with her attorneys and expressed the firmest faith that her troubles were rapidly nearing an end.

"I feel that I have spent my last Sunday in the Tombs," she said today while making ready to go to court. "Tomorrow I will go home."
